1. About TalentPredix™

We are shaping the future of talent assessment and development for a fast-changing world.

Our team of business psychologists and talent experts apply behavioural science expertise to identify, develop and optimize exceptional talent and build thriving workplaces.

Why choose us?

1

We help people discover and develop their strengths and potential

By helping people discover, develop, and optimize their diverse strengths and potential, we bring out the best in your people and enable them to thrive at work.

2

We empower people to overcome performance limiters and weaker areas

We raise people's awareness of behaviours that may limit their performance and relationships and empower them to find creative ways to tackle these limiters and weaker areas.

3

Our solutions are backed by the latest behavioural science

All our solutions are backed by the latest behavioural science. We are committed to ongoing research to deliver customer service excellence, product innovation and continuous improvement.

4

We develop and future-proof your in-house capabilities

Many consultants don't equip you with in-house capabilities and skills to sustain positive change. We provide train-the-trainer programs and support to ensure your team has the capabilities and self-sufficiency you require after the project has been completed.

5

Our solutions are flexible, cost-effective and practical

Our solutions are flexible and cost-effective, enabling you to choose where and how you want your people to learn. Learning can be delivered using hybrid, online, and in-person options. All our programs are highly practical, and incorporate plenty of real-world application.

3. TalentPredix™ Practitioner Training

4. Training & Development for Leaders and Managers

To navigate change and uncertainty, leaders and managers require the mindset, capabilities, and tools to lead effectively, empower their people and produce great results.

All our programs are highly practical, interactive and focus on real-world application. Delivery can be online, in-person or hybrid. Ideal cohort sizes are 5-15 participants, however, smaller or larger groups can be accommodated on request.

To support and sustain learning, we offer coaching, peer co-development and follow-up masterclasses.

Strengths-based Interviewer Skills Training (Group Workshop)

Recruiting talented people is key to the success of any business. Poor hiring decisions cost money, waste time and resources and damage the reputation of the organization.

This program will help you to become a better interviewer, enabling you to select people with the right strengths, skills and motivational fit to perform effectively.

You'll learn how to:

- ✓ Compile high quality job descriptions that clarify expectations, outcomes and what it takes to excel in the role.
- ✓ Develop rigorous selection criteria to objectively select and evaluate people.
- ✓ Deliver a professional interview to identify people with the strengths, capabilities, and motivational fit to achieve great results and contribute to the team's diversity.
- ✓ Practice active listening, questioning and probing techniques.
- ✓ Discover how to tackle unconscious bias and ensure fairness in the way you interview and evaluate others.
- ✓ Through role play practice, apply the PEARL Interview™ process to deliver high quality interviews and identify game-changing talent.
- ✓ Deal with challenging interview questions and situations.

What's included

- ✓ TalentPredix™ Assessment
- ✓ Workbook
- ✓ Tools to embed learning and conduct strengths-based interviews

Empowering Performance Conversations (Group Workshop)

Empowering performance conversations are a manager's primary tool to unlock higher levels of performance, motivation, and trust. Yet many performance conversations are still one-way, deficit-based and demotivating.

During the program you will learn how to conduct empowering performance conversations that harness people's strengths, motivations, and full potential.

You'll learn how to:

- ✓ Exploring the manager's role in creating the conditions for high performance and motivation.
- ✓ Set goals and expectations that are clear and aligned with the person's strengths, motivations, and potential.
- ✓ Stretch people in positive ways beyond their comfort zone to accelerate performance and career growth.
- ✓ Diagnose weaknesses and performance limiters and guide employees to overcome these more effectively.
- ✓ Give constructive feedback to improve self-awareness and motivate lasting change.
- ✓ Through role play, practice dealing with underperformance situations.

What's included

- ✓ TalentPredixTM Assessment
- ✓ Workbook
- ✓ Tools to embed learning and conduct empowering conversations

6. Team Development & Effectiveness

Peak Teams™: Empower teams to achieve peak performance

Peak performing teams are essential to overcome today's complex problems, produce exceptional results and navigate a fast-changing business environment.

Regardless of whether they are co-located, virtual, or remote, effective teams need a shared purpose, strong alignment, a supportive climate, and the adaptive capacity to thrive in volatile times.

Combining our TalentPredix™ assessment with our proprietary Peak Teams™ methodology, we enable teams to deliver sustainable success, ownership, adaptability, and resilience.

All our team programs and workshops are customized to the client's specific requirements and team's development stage. **However, a typical program involves:**

- ✓ Conducting a TalentPredix™ individual and team assessment to identify team member strengths, motivations, and values.
- ✓ Helping the team improve six vital attributes of Peak Teams™: an inspiring purpose, mutual trust, guiding principles, mindful relationships, delivery excellence and adaptive learning.
- ✓ Aligning and clarifying roles and critical team processes.
- ✓ Improving the team's ability to adapt, learn and build resilience.
- ✓ Ensuring the team has a SMART development roadmap so it can achieve ongoing performance improvement and build a cohesive, inclusive team culture.

Note that our proprietary Peak Teams™ development framework can be substituted with Lencioni's Five Behaviours® if this is preferred by the client.

What's included

- ✓ TalentPredix™ Assessment
- ✓ Tools to accelerate team collaboration and performance

Who's it for

- ✓ All teams, including project and product teams

Duration and delivery mode
